CONFIDENTIAL US OFFICIALS ONLY

50X1-HUM

- "3. A few old wooden barracks. One is a workers' hostel, with canteen, kitchen etc deplorable senitary installations.
- ... "h. Workers' hostel.
- 95. The WOP post for checking passes.
 - "6. Regimblem Railway Station (Dworzec Kaszubaki). Near it are coment storehouses, quite new, among the best in the port.

 Along the quay are cranes of medium capacity.
 - "7. Copn stores, sometimes used for storing coal. From time to time small boats are tied up there. The quay is in decent condition, made of gongrete.
 - "8. Terrain of the state enterprise Przedsiebioratyo Robot Czerpalnych I Pedyodnych PRCIP.
 - "9. Railway ferry.

Map of Southeastern Part of Nowy Port

- "8. FRCIP. This is a base for divers, canal diggers (Bagrownicy) etc.

 Here tertain categories of boats are tied up (tugoets; dredgers, etc.). They include some new units with electrical installations brought from the Cerman Democratic Republic in 1953. The FRCIP personnel are carefully selected from the point of view of security; they are also experts in their fields. Quite a number of Germans divers, technicians, etc. are employed. This unit raises weaked vessels, constructs caisal etc. The installations for the construction of caisaons are good.

 Altogether PRCIP has around 1200 people on the payroll. PRCIP tid not possess its own radio station. It uses the station of MORS (Morska Obniuga Radiowa Statkow (Ships) Radio Service).

 But in July 53 a station for the exclusive use of the PRCIP was under construction. The whole terrain of PRCIP and MORS is surrounded with a fence.
- Railway Ferry
 - inio. Cate in the fence. All passes are checked there. The gate is guarded by the SOP (Straz Ochrony Portu Harbor Protection Guard).
 - "11. = 12. Administrative offices: issue of passes, personnel record office, etc. There are also medical surgeries in these buildings. All buildings in the PRCLP enclosure are new, constructed since World War II.
 - "13. Inside the enclosure there is another unit of the PRCIP's own industrial guard, located in its own building.

. ...

...

- "14. PRCIP workshops.
- "15. Building of the SOP.
- "16. Residential buildings.
- "17. 'Trojan' an enclosed terrain in which various workshops, particularly railway workshops, are situated.
